Brave Bot

Pause Bot

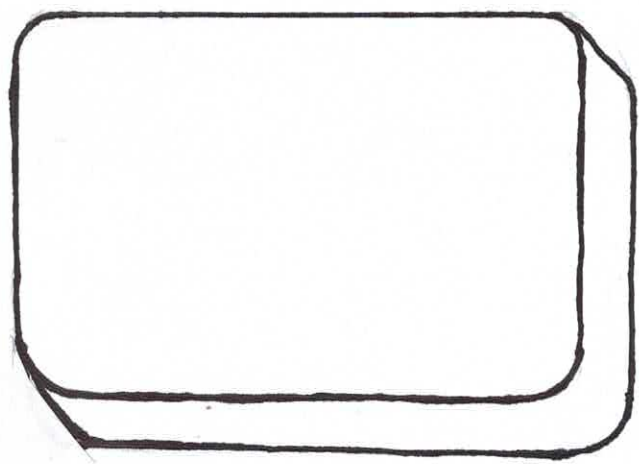

Gratitude Bot

Love Bot

DESIGN YOUR BOT!

Choose a positive 'trait' for your bot. Eg. Love, Joy, Kind, Funny, Confident, Helpful, Friend...
 Draw a rectangle shape (like a domino!) Draw a shape for the head and body. Add a symbol onto the body: eg. heart, star, smiley face, musical note, etc. Colour in. Add arms, legs, antennae, face, etc. Add white highlights. Outline in black. Write the type of bot on one side edge and your name on the other.
